# SAHIL PAWAR

## UI/UX DESIGNER

Delhi -NCR (Faridabad) | sahilpawar.2050@gmail.com | +91 8283034367 | https://sahilsinghpawar.framer.website/

An interaction and product designer focused on UX/UI, spatial interfaces, and immersive experiences. My work blends user research, storytelling, system design and interaction design to build intuitive digital products. I enjoy solving complex problems through design thinking, rapid prototyping, and system-level thinking, especially, currently in domains like AR/VR, mobility, and interactive platforms.

Goal: Continuously improving my design craft while building experiences that are intuitive, engaging, and meaningful.

**Hard Skills**
UX/UI Design, Spatial UI/UX Design, AR/VR MR Interaction Design, Wireframing & Prototyping (Figma), User Research & Journey Mapping, Micro-Interactions & UI Systems, Responsive & Accessible Design, Immersive Storytelling, Human Computer Interaction

**Soft Skills**
Communication & Collaboration, Problem Solving, Design Thinking, Time Management, Critical Thinking, Agile / Scrum Understanding

**Tech Skills**
Figma, Adobe Suite (Photoshop, Illustrator, Premiere Pro, Dreamweaver), Unity Engine 3D, HTML / CSS / C#, Shapr3D & Blender

## EXPERIENCE

**Experience Design (Virtual Reality)**
*IIT Roorkee | Roorkee | Aug 2026 – Present*
- Designing and developing immersive VR campus experiences, combining 3D environments, spatial interaction, and digital storytelling. Working on interactive campus navigation, heritage and academic experiences, and Meta Horizon–inspired environments with virtual displays and multimedia content.

**Experience Design Intern (AR/VR)**
*Skyblue Experience Studio | Ahmedabad | Dec 2025 – Apr 2026*
- Designing immersive AR/VR experiences to enhance retail storytelling and customer engagement. Working on spatial interaction design, AR visual merchandising concepts, and integrating animated 3D elements for interactive XR environments.

**UX Designer Intern**
*Brands & Sourcing Leaders Association | New Delhi | Jun 2025 – Jul 2025*
- Worked on website UX improvements and interface redesign. Focused on prototyping, graphical UI design, and improving usability and navigation structure.

**Assistant Accessory Designer**
*Rajesh Pratap Singh | Faridabad | Mar 2023 – Apr 2024*
- Managed end-to-end footwear design and development for the brand PRATAP. Handled concept development, pattern making, and design research for footwear collections.

## PROJECTS

**AR Retail Experience — Skyblue**
Sept 2025 – Dec 2025
- Designed an immersive AR interface integrating visual and auditory cues to create a user-centered, cognitively engaging in-store experience.

**Rhizomorphic - Design Innovation**
Aug 2025 – Nov 2025
- Conducted material-led design research to develop a sustainable rhizomorphic bio-material, translating experimental insights into scalable product concepts. Focused on usability, durability, and eco-conscious design integration for future-facing applications.

**Systems Thinking - Happy Face Foundation**
Jan 2025 – May 2025
- Applied systems thinking to analyze and address challenges for Happy Face Foundation, designing a structured ecosystem to balance user needs, resources, and operational gaps. Focused on holistic problem-solving and scalable service design.

**Re-Use**
Aug 2024 – Nov 2024
- Designed a phygital solution to reduce student spending on learning materials by combining a shared stationery workspace and a resale platform app. Focused on improving accessibility, sustainability, and resource efficiency through user-centered design.

**Apollo Care +**
Aug 2024 – Nov 2024
- Designed a mobile service application to navigate physically challenged people (blind) UI/UX, spatial interfaces, interactive product visualization, and 3D environments. Developed user flows, wireframes, visual systems, and interactive prototypes to create an engaging digital experience.

## EDUCATION

**Master's in Design (UI/UX Design)**
NIFT Gandhinagar (2024 – 2026)
- Focus on UX research, interaction design, usability, and digital product development.

**Bachelor's in Design (Footwear Design)**
FDDI Chandigarh (2018 – 2022)
- Covered the full product lifecycle including concept design, pattern engineering, manufacturing, and quality control.
